When I came to J & K Assisted Living I thought God answer my prayer it was a miracle, I felt as if I was in Heaven. This facility is clean, and the staff are very friendly, they treat me with dignity and respect. This is an excellent place to be in. The food is excellent , and the staff/ owner makes me feel like I am a part of the family. I joke around with them and they joke back. The owner/administrator always make sure to provide a safe environment and she is very respectful, kind, attentive, and always treats me with dignity , including the other residents here.

Truly Yours,
